TRIMMED THE TREATY

Senate Committee Gives It Another
Rip on the Buzz Saw.

TO SUPERSEDE CLAYTON CONVENTION

President Will Submit the Amended
Treaty to Great Britain Unless
Made Absolutely Discourteous
Hay Sits in the Cabinet.

Washington, Dec. 14.—The senate committee on foreign relations at a special meeting decided to recommend further amendments of the Hay-Pauncefote treaty. The committee adopted an amendment suggested by Senator Foraker, which declares that the Hay-Pauncefote treaty supersedes the Clayton-Bulwer treaty, and also strikes out of the Hay-Pauncefote agreement article 3, which permits the submission of the Hay-Pauncefote treaty to other powers, and invites their acceptance. The president and Secretary Hay also were consulted with reference to the advisability of further amending the treaty by Senators Lodge and Foraker, who called upon them before coming before the committee.

Unless amended beyond any degree proposed in the senate by the responsible leaders, and resolved into such form as to make it an absolute discourtesy to be communicated, the pending Hay-Pauncefote treaty will be submitted to the British government by the president. The communication will be purely pro forma, for the administration has not the slightest idea that the convention will be accepted by the British government. The president might, if he regards the amendments made by the senate to the treaty as objectionable, take upon himself the responsibility of administering the final stroke, by simply withholding it from the British government. There is precedent for such action in the disposal made of certain treaties by President Cleveland.

Any expectation that the action of the senate on the Davis amendment to the Hay-Pauncefote treaty would result in the immediate retirement of Secretary Hay from the cabinet is negated by the fact that Mr. Hay has not resigned, and according to his own statement will not leave the cabinet at present.

In the House.

Washington, Dec. 14.—When the house met Mr. Barney (Wis.), from the committee on appropriations, reported the pension appropriation bill. The house then resumed the consideration of the war revenue reduction bill. Mr. Dalzell (Pa.) closed the general debate on the bill, and then it was read for amendment under the 5-minute rule. Mr. Payne, chairman of the ways and means committee, offered an amendment to make the tax \$1.60 per barrel flat, instead of a discount of 20 per cent, as originally drawn. Mr. Newlands (Nev.) offered an amendment to reduce the tax to \$1.20 per barrel. Mr. Bartholdt (Mo.) offered an amendment to make it \$1.30 per barrel. The Newlands amendment was lost—60 to 127. The Bartholdt amendment was defeated on a rising vote—74 to 119. The Payne amendment was then adopted.

Haven't Much to Say.

London, Dec. 14.—There is a noticeable absence of comment in the papers on the action taken by the United States senate regarding the Nicaragua canal. The St. James Gazette takes the occasion to lecture the "jingo senate," which, it says, "has again roughly rebuffed the president and affronted the generosity of Great Britain. If it persists in its ignorantly selfish course Great Britain must fall back on her rights under the Clayton-Bulwer treaty whereby she is entitled to refuse permission to the United States to build the canal." The Pall Mall Gazette says: "British consent to the amendment impossible. Everything or nothing is not a working principle."

In the Senate.

Washington, Dec. 14.—Soon after the senate convened the house resolution providing for a holiday recess of congress from Dec. 21 to Jan. 3 was adopted. President Pro Tem Frye announced the appointment of Senators Hanna (O.), Spooner (Wis.) and Jones (Ark.) to make the necessary arrangements for the inauguration of the president March 4. The senate at 12:50 p. m. went into executive session upon the Hay-Pauncefote treaty. Senator Lodge reported the amendments agreed upon in committee.

Spring Works Burned.

Jackson, Mich., Dec. 14.—Fire destroyed the Lewis spring works in this city, and badly damaged the firm's axle factory. Loss, \$50,000; fully insured.

ONE ROBBER CAPTURED.

Sensational Train Robbery in Suburbs
Of New Orleans.

New Orleans, Dec. 14.—Three arrests were made in the vicinity of the sensational hold up on the Illinois Central in the suburbs of this city, in which Conductor Kennebrew was shot and wounded and the mail car rifled of registered packages. Two of the suspects bear a close resemblance to descriptions furnished of the robbers, who were said to be at least two in number. A black handkerchief was found on one of the men. A similar article was used for a mask by one of the robbers. Engineer Smith of the held up train was unable to identify the prisoners, the robbers had their faces covered, and it was dark when the robbers were wounded. Shortly after the robbery Officers Lusich and Daly saw a white man and a negro near the Illinois Central tracks. The men had a bag in their possession, and the officers called on them to surrender. Instead, the white man drew his revolver, and a lively fusillade followed. The latter finally dropped the sack and ran toward the swamps. The sack proved to be a United States mail bag. Near the scene of the shooting the police found a cartridge belt freely stained with blood and full of cartridges. It is difficult to learn what the robbers got away with, but it is believed they secured several registered mail pouches and a large quantity of Christmas packages. The passengers were not disturbed.

Officer Lusich has identified Ray Henderson, a stranger in the city, as one of the train robbers.

Henderson, when arrested, was armed. He is from Wisconsin, and says he has been working on a plantation. Officers of the Illinois Central say he has been around the Illinois Central yards several days.

Erie and Wabash Rumors.

New York, Dec. 14.—According to all reports in Wall street important changes are developing in the affairs of the Wabash as well as the Erie railroad. New and powerful interests are said to be buying into both systems, with a view, if not to change of control, at least to closer working relations with other companies. According to the reports, Pennsylvania railroad interests on the one hand and Vanderbilt interests on the other have bought each 100,000 shares of Erie stock within the past 10 days. This would not give control, but would give the new interests a large voice in the affairs of the Erie company, and would assure harmonious working relations among the Morgan-Vanderbilt-Pennsylvania interests. In respect to Wabash, it is declared the buying is by the Vanderbilts, who are anxious to obtain control of the property, or have a determining voice in its affairs.

Wreck on the Pennsy.

Pittsburg, Dec. 14.—The day express, No. 8, from Chicago, on the Pittsburg, Fort Wayne and Chicago railway, collided with the Leedsdale accommodation, eastbound, near Edgeworth, Pa. Both trains were wrecked, four trainmen and five passengers were injured. Oscar White, fireman, and Dorsey Wise, baggage master, were fatally injured. The accommodation had stopped at Edgeworth and the passengers were thronging into the coaches when the express came thundering up the track. The engineer applied the air-brake, but was not able to stop the express in time. The engine crashed into the smoking car and coaches of the accommodation, which were thrown from the track.

Stranger Bent on Murder.

Kent, O., Dec. 14.—A stranger attempted to murder Wesley D. Keiffer and wife, who live four miles from Kent. They were leaving the barn after milking when a shot was fired at Keiffer, who was wounded just below the heart. Keiffer ran and the assailant followed. Mrs. Keiffer ran to her husband's aid, and two shots were fired at her but missed. Mrs. Keiffer threw a lantern, which struck the man on the head and broke to pieces. The stranger fled. Mrs. Keiffer thinks she recognized him. Keiffer's wound may prove fatal. He is 27 years old and ex-postmaster of Thornadyke.

Ohio Grangers.

Akron, O., Dec. 14.—At the closing session of the Ohio State Grange resolutions were adopted opposing the ship subsidy bill, favoring the Grout oleomargarine bill, postal savings banks, extension of rural mail delivery, consolidation of country schools. F. H. Derthick of Portage county was elected overseer and C. M. Freeman of Miami county secretary.

New York, Dec. 14.—The run on the Harlem Savings bank was continued, but fewer people were in line. There were about 200 persons in front of the building when the doors were opened for business.

FEDERATION AFFAIRS.

Number of Important Resolutions
Discussed and Adopted.

PROCEEDINGS OF A. F. L. CONVENTION

Congressman Lentz of Ohio Com-
mended For His Effort in Behalf
Of Couer d'Alene Miners—At-
titude of Gompers Indorsed.

Louisville, Dec. 14.—President John Mitchell of the United Mine Workers of America, presided over the morning session of the American Federation of Labor. The disposition of the numerous resolutions on the calendar was resumed and the following were adopted: To facilitate the organization of brotherhoods of oil and gas well workers; to aid the telephone girls of America in their efforts to organize.

The committee reported unfavorably on a resolution providing that the executive council employ a member of the federation to be known as the "labor reporter," whose duty should be to collect labor news and distribute it to members of the associated labor press of America, and the report was adopted.

The convention postponed action on the resolution having reference to trade autonomy, providing that the incoming executive board be instructed not to issue any more charters until a joint conference of the executive council of the American Federation of Labor and the officers of the national and international crafts affiliated have been held, for the purpose of determining the proper jurisdiction of all charters now held and those granted in the future.

A resolution for the further organization of the textile and other crafts of North Carolina, South Carolina, Georgia and Alabama, and the appointment of an organizer for that purpose was referred to the incoming executive council without recommendation.

The special committee on the report of the president indorsed Mr. Gompers' denunciation of the authorities of Idaho, for alleged illegal action during the Couer d'Alene labor troubles in Shoshone county, Idaho. Governor Steunenberg was condemned for alleged usurpation during the riots and Congressman John J. Lentz of Ohio was commended for the introduction of his resolution requesting the president of the United States to withdraw the troops from Shoshone county. The report also contained a commendation of "those congressmen who endeavored to bring out the facts in the Couer d'Alene matter." The report expressed agreement with President Gompers in his statement that the contract labor law has proven inefficient, and the executive council was instructed to formulate and submit to the proper committees of congress further legislation on the matter necessary to meet the exigencies existing. The special committee on compulsory arbitration reported as in full accord with President Gompers when he said that the right to quit work was an inviolable prerogative of every American workman, and a restriction of that right an outrage on the liberties of the American people. The report recommended that the convention take such action as will secure legislation for voluntary arbitration as opposed to compulsory arbitration. The reports of both special committees were unanimously adopted.

The committee on grievances made recommendations against direct trade autonomy and in favor of the establishment in the federation of friendly courts of arbitration for the settlement of inter-labor disputes. The recommendations were referred to the committee on laws.

A PRIZE WINNER.

Some Facts About the Aberdeen Angus
Steer That Recently Brought
Over \$2,000.

The championship of the International Live Stock Exposition was contested for by the rival breeds. "Advance" proved the champion steer of all breeds and all ages. Bred by Mr. Stanley R. Pierce, of Creston, Ill.; a pure bred Aberdeen Angus, sired by the great prize winner "Moon Eclipse," dam "Antelope 3rd of Creston." "Advance" is one year old, was a prize winner when a calf, and was awarded first prize in the Aberdeen Angus yearling class. He won the championship prize at the International Live Stock Exposition and the Drovers' Journal presented Mr. Pierce with the championship cup.

This little steer was born a good one, smooth and handsome, a perfect "Doddie," with a mellow touch of skin that is rarely bred or fed. He has been handled as much as possible after the rules of nature, being allowed outdoor exercise a greater part of the time, pasture in season and a few beets with meal in the winter, fall and spring. His grain portion has been a mixture of corn meal, oats and bran, equal parts of each by weight. This steer was never blanketed until going out to show, and then only for a few days. He was fed perhaps five pounds of Acme stock food during the seven days of his fitting. This is the only steer that ever won such high honors that was fed, bred and exhibited by its owner. "Advance" was sold at public auction by the Bowles Live Stock Commission Co., of Chicago, at the wonderful price of \$150 per cwt. He weighed 1,450 pounds and brought \$2,145, the highest price for any beef animal ever sold in the world. The next highest steer ever sold before this was the Queen Victoria English champion that sold for \$750. This places Mr. Stanley R. Pierce, of Creston, Ill., as the most distinguished breeder of beef steers in the world.

"Advance" was bought by Mr. Fred Joseph, Vice President of the Schwarzchild & Sulzberger Co., of New York City, for Xmas beef. Mr. John P. Bowles, President of the Bowles Live Stock Commission Co., acted as salesman.

Gov. Beckham's Message.

[Nashville American.]

It is most gratifying to note that the young Governor of Kentucky has laid aside partisan bitterness in his inaugural address, and is devoting himself entirely to State and local issues of practical worth. He eschews politics in his address, promising to administer the Executive office of the State in a spirit of fairness and tolerance and sincerely desiring to remove as far as possible all friction and ill feeling from the people. May it be. Passion and hate have dominated Kentucky public affairs too long. Let peace rule.

[Knoxville Sentinel.]

Young Gov. Beckham, of Kentucky, is undoubtedly the right man in the right place. We like the tone of his inaugural address. It will have, we believe, a fine effect in that State.

Yerkes didn't jerk his opponent from the Governor's seat as easy as he thought.

LONDON IN A FRENZY

Upset by Another Disaster of the
War That Is Over.

CLEMENT'S FORCES BEAT A RETREAT

Four British Officers Killed and Four
Companies of Fusiliers Believed
To Be Captured by the Boers.
Troops For South Africa.

London, Dec. 14.—Lord Kitchener reports that after severe fighting at Nootgedacht General Clement's forces were compelled by Commandant Delarey to retire with a force of 2,500 men. Four British officers were killed. The other casualties were not reported.

Lord Kitchener's official dispatch to the war office is as follows: "Pretoria, Dec. 13.—Clement's force at Nootgedacht on the Mafaliesburg was attacked at dawn by Delarey, reinforced by Beyer's commando from Warmbath, making a force estimated at 2,500. Though the first attack was repulsed, the Boers, managed to get atop the Magaliesburg, which was held by four companies of the Northumberland Fusiliers, and were thus able to command Clement's camp. He retired on Hekpoort, and took up a position on a hill in the center of the valley. The casualties have not been completely reported, but the fighting was very severe, and I deeply regret that Colonel Legge of the Twentieth Hussars and Captains MacBean, Murdoch and Atkins were killed. Reinforcements have left here."

Lord Kitchener also reports that the Boers made an attack and were repulsed at Lichtenburg, and that General Letimer was killed. Attacks upon Bethlehem and Vrede were also repulsed, the Boers losing 10 killed and 14 wounded. Vryheid was attacked Dec. 11. Sniping continued when the message was dispatched.

Scenes at the war office recall those witnessed in the early stages of the war. A constant stream of excited people filled the lobbies, all seeking details of the disaster. The absence of the names of any of the officers of the Northumberland Fusiliers in General Kitchener's dispatch leads to the foreboding that the four companies of the fusiliers mentioned are in the hands of the Boers.

War office officials evidently expect a heavy casualty list, but are hopeful from the fact that the dispatch does not mention the capture of the Northumberland, that such a great catastrophe has been avoided.

Orders were issued at Aldershot, Malta and other military centers to dispatch all the available mounted infantry to South Africa.

It is reported that General Knox, co-operating with the British column at Reddersburg, has stopped General Dewet and that a battle is proceeding. The report adds that many of General Dewet's followers have been captured.

Kruger May Meet Salisbury.

Vienna, Dec. 14.—In well informed circles in this city persons are inclined to give credence to private dispatches from London to the effect that the conclusion of peace in South Africa is much nearer than reports would lead them to believe. It is regarded quite possible that Mr. Kruger will draw the proper conclusions from the course of events in South Africa and the experiences he has had in Europe. Reports have been received here to the effect that Kruger is trying to arrange an interview with Lord Salisbury. In view of the moderation of Mr. Chamberlain's latest speech, it is not considered impossible that such a meeting should take place.

Expect an Attack.

Lorenzo Marquez, Dec. 14.—British troops at Koomatfontein are standing on arms in the expectancy of an attack by a Boer force of 1,500 in that vicinity. It is believed to be the intention of this force to make a dash upon the town. The situation is regarded as serious. A force of 150 infantry, a squadron of cavalry and two guns was despatched to the frontier.

St. Louis, Dec. 14.—The Standard theater, well known throughout the country as a variety and vaudeville house, was damaged by fire, sustaining a loss of \$20,000, covered by insurance. The Utopian Burlesque company sustained a loss of \$2,000.

FAKE REPORTERS

Responsible for the Sensational Talk About That Catlettsburg Mob—A Card From Rev. Z. Meek.

The venerable Zephania Meek, for many years editor of the Central Methodist, of Catlettsburg, in a card to the Louisville Courier-Journal, has the following to say in reference to the Gibson case:

"I think the people of Kentucky will believe me when I say all these reports sent out from Ashland and Maysville about the organization of a mob at Catlettsburg to hang the notorious Gibson, now in the Maysville jail, are utter without foundation in fact.

"Gibson's crime was committed, not in Catlettsburg proper, but in a suburb known as Hampton, and if these people had caught him the night of the awful tragedy he no doubt would have fared badly, but after the excitement abated he would have been safe in the hands of the law anywhere.

"Why these newspaper reporters want to defame the good name of Catlettsburg, unless it be one of the results of the jealousy of the Ashland people, is more than I can tell. No mob ever disgraced Catlettsburg, except one which came from Ashland years ago, broke our jail and took a man to Ashland and hung him. Besides, the firing at the soldiers who defended Neal and Craft was not at Catlettsburg, nor by Catlettsburg people, but at Ashland. For very shame, these Ashland fake reporters ought to close their mouths.

"I repeat, the only mob in this place is one of irresponsible writers, whose productions unfortunately find their way into the daily press of the large cities.

"Gibson will be given a fair trial, and if proven guilty will pay the penalty of the law according to its forms."

LOCAL ARCHÆOLOGY.

Mr. Gerard Fowke, a Native of This County, Has in Press an Important Paper on the Subject.

Mr. Gerard Fowke, a native of this county, who is well known to men of science (at home and abroad), has in press a very important work on American archaeology. He has just returned from Colorado, where he selected nearly 400 relics for purposes of illustration.

He has also contributed very recently, to an archaeological quarterly, an interesting and valuable paper on the stone graves in Southern Ohio. They are most abundant, he says, from Manchester to Ripley, on the Ohio side, and from Maysville to Dover on the Kentucky side. He found a good many along the North Fork of Licking in Mason County. Nothing less than a stone grave would hold down the "North Fork" man at that day.

In some of these cairns he found not less than fifty wagon-loads of stones. He found them on almost every peak and ridge. It is the opinion of Mr. Fowke that the builders of these graves were neither Mound-builders nor Shawnees, as alleged by some writers.

RIVER NEWS.

Prospects Good for an Appropriation for Ice Piers at This Point—Urania May Enter Portsmouth Trade.

The E. R. Andrews passed up this morning with empties.

The Hudson for Pittsburg and Bonanza for Pomeroy to-night. Down Sunday, the Stanley.

Capt. Williams, of the Henry M. Stanley, says the marine doctors at Gallipoli report that Mate Barney Connell is only slightly bruised about the chest and would be out in two weeks.

Judge Pugh writes to Wharfmaster Phister and Mayor Stallcup that the prospects are bright for securing an appropriation to build ice piers in the Ohio at this point. The present intention is to locate the piers just below the mouth of Limestone creek. This would provide a splendid harbor for boats in the winter season in case of a freeze-up, and would prove a good thing for Mayaville. Care, however, should be taken to locate the piers so that they will not cause a deposit of mud on the grade, as is the case at Ripley. If the present Congress makes an appropriation the piers will most likely be put in next summer.

Times-Star: "The appearance of Wm. Bay on the Vine street whariboat this week and the fact of his conversing with certain people connected with the whariboat, is evidence of the fact that negotiations are still on between the Edgington line and the Bay brothers in having their steamer, the Urania, placed in the Portsmouth trade. It is known that the Urania, which made one trip in the Pittsburg, Charleston and Portsmouth trade was not so successful as was expected. It was intimated some time ago that the Bay brothers' representative, Capt. Johnson, was here to see Capt. George Edgington in regard to the chances of giving the Urania a day in the trade. This is exactly what Capt. Edgington said. Agent F. J. Mossitt has received several communications from Mr. Bay, but has refused to divulge their contents. A rumor was current Friday morning that the Edgingtons had bought the Urania. From information gathered, this rumor appears to be false."

It will stop the worst cough, and not only prevents but absolutely cures consumption. Price 50c. and \$1. Every bottle guaranteed. Trial bottles free at J. J. Wood & Son's drugstore.
